PHR Title Page: Updating Type and Date of Placement

April 2012

The Title Page of the updated Permanency Hearing Report (PHR) prefills information from a variety of places in CONNECTIONS. Except for the Hearing Date Certain and the Time of Hearing, information cannot be directly entered into the Title Page. If the Date of Current Placement and Type of Placement fields do not prefill, you will need to bring information forward follow the steps below.

Note: The screenshots in this tip sheet contain fictitious data from the CONNECTIONS Training Database

1. Navigate to the *Tracked Child Detail* window in the FASP tab of the appropriate FSS
2. Select the **Placement Information** tab.

3. Select the name of the child from the Select Child grid whose information is missing in the PHR.
4. Click on the **View / Edit** button. The *Location Detail* window will open.
5. The *Location Detail* window displays CCRS Information on the left hand side and the information contained in CONNECTIONS information on the right hand side.

The CONNECTIONS information is modifiable; the CCRS information is not.

6. Update the CONNECTIONS Information fields:
 - If the CCRS information is the most up-to-date, enter this same data in the CONNECTIONS Information fields.
 - If you have more current data than what is in the CCRS Information fields, enter that data in the CONNECTIONS Information fields.

- If the child is on **Trial Discharge**, select the value of "Other" from the **Facility Type** drop-down. Trial Discharge information should be also be entered in the Discharge/Transition Plan section of the PHR.

Note: It is anticipated that the value of Trial Discharge will be added to this drop-down menu in the future.

7. Save the updated information

Reminder: Information you update in the CONNECTIONS Information does not automatically update CCRS; you must update CCRS manually.

8. Once the PHR has been closed and reopened, the Date of Current Placement and Type of Placement information will display on the Title Page.
