# **RHYA Annual Report 2007**

## **Introduction**

The Runaway and Homeless Youth Act (RHYA) provides a broad framework for the provision of shelter and support services to runaway and homeless youth in New York State. Among the statutory duties of the New York State Office of Children & Family Services (OCFS) in administering and overseeing the act is to “*submit to the governor and legislature an annual report detailing the numbers and characteristics of runaway and homeless youth throughout the state and their problems and service needs*” [Executive Law, Article. 19-H §532-e(d)]

To gather data for the annual report, OCFS conducted an *Annual Survey of Services* of all programs which serve runaway and homeless youth that are funded or certified by OCFS, and any other programs in the state which primarily serve runaway and homeless youth. This report includes information from 61 individual program respondents in 30 counties and in New York City. Data for this report is comprised of information collected in over 90 categories. The information contained here features highlights only; refer to the appended tables for further detail.

Although Part E of Chapter 57 of the Laws of 2005 provide the opportunity for runaway and homeless youth programs to provide respite services for youth, this report is solely concerned with the services provided to youth who present as runaways or otherwise homeless.

## **Background**

OCFS administers the RHYA which requires a local planning process to identify any unmet needs of runaway and homeless youth. OCFS provides a maximum of 60 percent matching funds to counties to operate or contract for runaway and homeless youth services, and issues operating certificates and conducts periodic on-site inspections of residential RHYA programs. The RHYA appropriation for calendar year 2007 was \$6,314,000. In addition, OCFS Youth Development / Delinquency Prevention (YDDP) and Special Delinquency Prevention Program (SDPP) funds may be used for runaway and homeless youth programs.

Information Relative to Short-Term Crisis Programs and Long-Term Transitional Independent Living Programs:

### **I. Short-Term Crisis Programs (Part I)**

#### **A. Overview**

Short-term crisis programs serve runaway youth who have left home without parental consent. Shelter and support services are available while staff seek family reconciliation and reunification, when possible, or alternative living arrangements when necessary.

#### **B. Program Models**

*Shelters* – residential programs with up to 20 beds for males and/or females either age 16-20 or under age 18.

*Interim families* (host homes) – families that provide care to one or two youth under age 21.

*Non-residential services* – case management, counseling, referral and advocacy.

*Hotlines* – information and referral to young people seeking runaway and homeless youth services.

## **RHYA Annual Report 2007**

### C. County Runaway and Homeless Youth Service Coordinator

Part I funds may be used to support a County Runaway and Homeless Youth Service Coordinator. Each county that receives RHYA funding must have a coordinator. The coordinator is responsible for answering inquiries at any time concerning transportation, shelter and other services available to runaway and homeless youth. The coordinator also conducts local planning, contract management and monitoring of services for runaway and homeless youth.

### D. Maximum Length of Stay

Short-term residential crisis services are available for up to 30 days. With the approval of the youth, parent/guardian and County Runaway and Homeless Youth Service Coordinator, residential services may be extended for an additional 30 days. Extensions beyond 60 days are possible if an abuse or neglect matter is pending in Family Court.

### E. Funding

RHYA Part I funding provides up to a maximum of 60 percent state aid for RHYA activities. At least half of the 40 percent local share must be from local tax dollars.

## II. Long-Term Transitional Independent Living Programs (Part II)

### A. Overview

Long-Term transitional independent living programs are for older homeless youth who lack a place of shelter where supervision and care are available. Programs serve young people who become homeless as a result of a wide range of circumstances and either cannot return home, or have no home to which to return. Developing skills to live independently is the ultimate goal of young people in these programs. Resident turnover is relatively low.

### B. Program Models

*Supported Residences* – up to five young people of the same gender.

*Group Residences* – six to twenty males and/or females.

*Non-residential services* – case management, counseling, referral and advocacy and independent living skills.

### C. Length of Stay

Under the provision of Part E of Chapter 57 or the Laws of 2005, young people may reside in a long-term residential transitional independent living program for up to 18 months. Youth who have reached the 18-month maximum length of stay, but who have not yet reached their eighteenth birthday, may remain at the transitional independent living program for up to an additional six months.

### D. Funding

RHYA Part II funding provides up to 60 percent state aid. The entire 40 percent local share may be derived from any combination of local sources; there is no specific local tax match requirement. A county must have short-term crisis services available before Part II funds can be approved for that county.

# RHYA Annual Report 2007

## Data Collection

This annual report summarizes data collected through the *RHYA Annual Survey of Services*. The survey gathers aggregate data from programs which *primarily* serve runaway and homeless youth. While young homeless people are sometimes served in other program types, such as family and domestic violence shelters, they are not homeless “without supervision and care” as defined in statute because they are with a parent or other caregiver. Therefore, this annual report includes only information reported by programs that primarily serve runaway and homeless youth as defined by the Act. It is important to avoid comparisons to previous years because the number of programs reporting each year is different due to start-ups and terminations.

Surveys were sent to runaway and homeless youth programs and to all county youth bureaus, which were requested to distribute surveys to any other programs in the county that primarily serve runaway and homeless youth, both residential and non-residential. Thus, surveys were sent to all runaway and homeless youth programs which receive funding or certification from OCFS, and other programs identified by OCFS or the county which primarily serve runaway and homeless youth. OCFS does not presume this report contains data on *every* young person in the state considered to be a runaway or homeless youth. By the very nature of their situation, many runaway and homeless youth are hidden, underground, or reticent to seek services. Therefore, this report only contains data on young people that sought and received services from a program that is part of the known runaway and homeless youth serving network.

Some of the tables are based on *duplicated counts* and others on *unduplicated counts*. Duplicated counts include youth who were provided services more than once during the calendar year. This figure is used to gauge the full number of service units. Unduplicated counts include the actual number of different young people that were served.

The information presented in this report is culled from selected questions on the survey as noted below.

## **RHYA Annual Report 2007**

### **Summary: Overall Admission Numbers in 2007**

There were 12,216 admissions to runaway and homeless youth programs during the program year. The largest number of runaway and homeless youth was reported from New York City, with 37% of the total. Thirty-three percent received support services through non-residential programs and 67% of reported youth were served in residential programs. [Table 1]

In addition, 85,560 calls were received throughout the state by runaway and homeless youth hotlines, and 48,161 contacts were made through RHY prevention/outreach programs in 2007.

#### **Summary: Characteristics of Youth Served**

Fifty-nine percent of service recipients were female and 43% of service recipients were male. Forty-five percent were African-American, 30% were White, (non-Hispanic), 18% were Hispanic, 6% were Biracial, and less than 1% percent are Asian / Pacific Islander or Native American / Alaskan. Eighty-two percent of youth served are age 16 and older, 17% are between the ages of 11 and 15, and 1% are age 10 or younger. [Table 2]

#### **Summary: Issues and Service**

Young people admitted to runaway and homeless youth programs in 2007 reported a wide range of problems and service needs. Fourteen percent reported Lack of Independent Living or Life Skills; 13% reported they were Homeless; 13% had Issues With a Guardian / Family / Parent / Custodial Figure; 10% reported Conflict With Parent or Parental Figure; 10% were Unemployed; 8% had Education Related Issues; 4% reported Lack of Affordable Housing, being a Victim Of Abuse/Neglect, or reported Substance/Alcohol Abuse. Three percent reported Health Issues, Serious Mental Health Issues, Absent Parent (Jail, Deceased or Otherwise Unavailable), or Delinquency / Criminal Activity; 2% reported Pregnant/Parenting/Childcare. Child Care for Dependent Children, Sexual Issues - Youth as Perpetrator or Victim, and Suicidal Issues were each reported as 1%. Gay, Lesbian, Trans-gendered, Bi-sexual, and Questioning Issues; Gang Violence Issues; and Human Trafficking were less than 1%. [Table 3]

#### **Summary: Services Provided and Referred**

##### **Provided:**

All youth who were served residentially received case management services and basic needs either directly by the service provider or through referral to other programs. Of all other services, Recreation was 15%, Independent Living / Life Skills Training was 10%, Health Care (Including Dental) was 8%, Formal Counseling was 6%, Employment/Employability Skills was 5%, Education was 3%, HIV/Aids Counseling (more than sharing info. at intake) was 3%, Alternative Housing was 2%, Parenting Education was 2%, Mental Health / Therapy was 2%, Legal was 1%, and Substance Abuse Treatment and Counseling was 1%. [Table 4]

##### **Referred:**

All youth who were served received case management services and basic needs either directly by the service provider or through referral to other programs. Of services referred, Education was 11%; Health Care was 11%; and Basic Needs, Entitlement, and Employment were all 9%. Formal Counseling was 8%, Case Management was 7%, and Mental Health was 7%. Other Residential was 6%, Recreation was 5%, Independent Living and Alternative Housing was 4%. HIV/AIDS Counseling, Legal, and Substance Abuse were reported at 3%, and Parenting Education was 1%. [Table 5]

## **RHYA Annual Report 2007**

### **Summary: Duration of Services**

Of those youth discharged in 2007, 48% of discharges from short-term crisis (Part I) programs were stays of 7 days or less, 27% of discharges were stays of between 8-20 days, 23% were stays of between 21 and 60 days, and 2% were stays longer than 60 days. [Table 6]

Forty-one percent of discharges from long-term transitional independent living (Part II) programs were stays of two months or less, 26% were 2-6 month stays, 23% were 6-12 month stays, and 10% were 12 months or longer. [Table 7]

### **Summary: Prior Institutional Care**

Of all youth served, 79% had no prior institutional care. Of those with prior institutional care, 52% of all youth were served recently (within 30 days of admission) and the remaining 48% were served within the previous year. Of those previously served, 25% were in a Local DSS/Voluntary Agency, 24% were in a Mental Health Facility, 18% were in Jail or Prison, 12% were in an OCFS Facility, 10% were in a Substance Abuse Facility, 6% were in Detention, 4% were in some Other Living Arrangement. [Table 8]

### **Summary: Living Situation at Discharge**

Thirty percent of runaway and homeless youth served during 2007 returned to their Parent/Guardian/Custodian's Home. Another 12% went to a Relative or Friend's Home; and 10% were discharged to a Homeless Family Shelter; 7% were discharged to a Transitional Independent Living Program; 5% were discharged to Living Independently; 3% were discharged to a Foster or Group Home / Non-Secure Detention, and 2% were discharged to a Crisis Shelter or Other setting. Each of the following categories constitute 1% or less of the service population; Mental Health / Psychiatric Residential Treatment and Drug or Residential Treatment Center; Jail / Secure Detention, Homeless Family Shelter, or Residential Education / Job Corps. Twenty-five percent of youth discharged themselves and often without notice or explanation; thus, their status was unknown. [Table 9]
